

Enerlites®

DECORATOR SELF-GROUNDING ISOLATED GROUND INDUSTRIAL GRADE RECEPTACLE

MODEL NO: 62000-IG

DESCRIPTION

ENERLITES heavy duty receptacles are manufactured to withstand the harsh conditions typically associated with industrial environments. They contain two side barriers that cover the wire terminals for insulation and isolation function. This industrial grade isolated ground receptacle is 20 Amp, NEMA 5-20R, designed specifically for use in hospitals, commercial, and industrial settings.

FEATURES

- Sturdy galvanized steel strap with a wrap-around design ensures secure assembly.
- Self-grounding automatically bonds to grounded metal enclosure.
- Isolated ground
- Durable thermoplastic build for extended use in industrial settings.
- Back wiring terminals accommodate solid and stranded wires for easier installation.

SPECIFICATIONS

Amperage	20 Amp
Voltage	125VAC
NEMA	5-20R
Termination	Back Wired
Material	Thermoplastic
Operating Temperature	-104° F to 167° F
Warranty	2 Years

TESTING & CODE COMPLIANCE

APPLICATIONS

- Factories
- Warehouses
- Laboratories
- Health Care Facilities
- Hospitals
- Commercial Buildings
