

Enerlites®

Type-A/C USB Power Station Charger

MODEL NO: 62000-3A2C6

DESCRIPTION

The ENERLITES 62000-3A2C6 is a 6-amp charging station featuring 3 USB Type-A ports and 2 USB Type-C ports. Its high-speed USB Type-A and Type-C ports utilize advanced charging technology to optimize current and reduce charging time for your devices. Equipped with a built-in smart chip, the charger recognizes each device's unique charging protocol and requirements, ensuring fast and efficient charging for all your electronic devices.

FEATURES

- 5 high-speed USB charging ports with 6A total output
- Interchangeable face covers
- Built-in smart chip recognizes each device's individual charging requirements to optimize the charge
- Tested to withstand over 10,000 insertions
- Fits in a standard wall box, compatible with standard wall plates
- Back wired
