Design Of The Operating Mechanism

Design of the operating mechanism Boltshield

General

- Setting range / Short-circuit function, short-time delay / Setting current IS / I**2t (on) / Factor of grading 1
- Setting range / Short-circuit function, short-time delay / Delay time tsd / I**2t (off) / Grading 35 A
- Setting range / Short-circuit function, short-time delay / Setting current IS / I**2t (on) / Factor of grading Plastic

Product Selector Information

Application	Residential/Commercial
Installation	Internally mounted
Voltage Code	120/240V, 1Ø, 3W
Surge Current Rating per phase [kA]	35
Surge Counter	No
Disconnect	No disconnect
SPD Type	Type 1 SPDs suitable for use in Type 2 applications
Diagnostic monitoring specifications	Green/red visual mechanical flag
Modes of Protection	L-N or L-G and L-L
