

Design Of The Operating Mechanism

Design of the operating mechanism Boltshield

General

Setting range / Short-circuit function, 65 A
short-time delay / Delay time tsd / I**2t
(off) / Grading

Product Selector Information

Application	Residential/Commercial
Installation	Internally mounted
Voltage Code	120/208V, 3Ø, 4W
Surge Current Rating per phase [kA]	65
Surge Counter	No
Disconnect	No disconnect
SPD Type	Type 1 SPDs suitable for use in Type 2 applications
Diagnostic monitoring specifications	Audible Alarm, LED, Green/red visual mechanical flag
Modes of Protection	L-N or L-G and L-L
